## HOW IT WORKS

1. Fill in the short form at [savetemecula.org/sponsors/apply](http://savetemecula.org/sponsors/apply).
2. Send us your logo and a photo of your work. We fit every logo to the same size so no partner is bigger than another. **Logo:** SVG or PNG with a transparent background, 640x280 pixels or larger. **Photo:** JPG or PNG, around 1,600 pixels wide.
3. We write nothing about you. The two quotes on your panel are yours — what your business does, and why you're standing with Temecula — **up to 50 words each**.
4. **You see and approve the exact wording** before anything is published.

**WHAT YOU'RE SUPPORTING.** Temecula's City Council voted 5–0 to formally oppose SDG&E's route and directed the City Manager to fight it. But the permit isn't decided here — it's decided by the California Public Utilities Commission (CPUC). Save Temecula provides the voice at the table for our businesses and community members, and our legal and expert team has to be retained and ready *before* that filing. Your contribution provides the financial backing Temecula needs to win this fight, and you are able to associate your business with a cause that is important to all who live here.

## BEFORE YOU DECIDE

Save Temecula is a nonprofit organization recognized as tax-exempt under **Section 501(c)(3)** of the Internal Revenue Code. Contributions are tax-deductible to the extent permitted by law, though donated services generally aren't deductible. You set the value of what you give. We can't give tax advice — **please talk to your accountant**.

**Recognition, not endorsement.** Your listing acknowledges what you gave to this campaign. It isn't an endorsement of your products or services by us, and it doesn't make you our spokesperson. You can ask to be removed at any time.
